1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claims 16-19.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Samuel Ntiros (Reg. No. 39,318) on June 26, 2006.

2. The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a method and a computer readable medium for developing a database of elements, each of said elements having at least one element code representing a art of an image each element code based on a symbol representative of a facial feature the symbol having one of a plurality of values indicative of variations of the facial feature, and a first code factor having a value that equals or exceeds a maximum value of the plurality of values indicative of the variations of the facial feature, wherein different combinations of the element codes form corresponding facial codes representing different facial images.

Prior art also fails to teach or suggest original A computer-readable medium having stored thereon a plurality of sequences of instructions, said plurality of sequences of instructions including sequences of instructions which, when executed by a processor, cause said processor to perform the steps of receiving a predetermined selection of either an element from image information of a spatial relationship from qualifier information, obtaining link information corresponding to a selected element of

spatula relationship, wherein the link information includes a user's selection as an attribute of the link information, displaying elements linked with a selected spatial relationship in sequence according to the user's selection using the link information, if an element is selected for browsing, and displaying spatial relationship which describe elements linked with a selected spatial relationship in sequence according to the user's selection using the link information, if a spatial relationship is selected.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1, 2, 4-15 are allowed.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yon Couso whose telephone number is (571) 272-7448. The examiner can normally be reached on Monday through Friday from 8:30 to 5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jingge Wu, can be reached on (571) 272-7429. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
